STARTING A BROADCAST USING FRONT PANEL

- 1 Connect to the Internet via any one of the options below:**
 - Plug in 3G/4G USB modem (H).
 - Connect an Ethernet cable.
 - To connect via WiFi, press the menu button (B) when prompted and follow the instructions on-screen.
- 2 Connect to Streaming Platform:**
 - Select your platform (Ustream, Livestream or Manual).
 - Enter username/password.
 - Pick your channel.
- 3 Go Live:**

Press the Start/Stop button (A) to start and stop your broadcast.

STARTING BROADCAST WITH AN iOS DEVICE

- 1 Download VidiU from the iTunes App Store.
- 2 Connect to VidiU's network, or join the same local network VidiU is connected to.
Please note: If VidiU does not appear on your iOS device's WiFi network list, set VidiU's AP Channel to 2.4GHz
- 3 Open the VidiU app to discover your device on the network.
- 4 Press the Broadcast button (📶) to start broadcasting.
