For Your Safety

Be sure to read these notes before use

Safety Notes

Thank you for your purchase of this product. For repair, inspection, or internal testing, contact your FUJIFILM dealer.

- Make sure that you use your flash correctly. Read these safety notes and your *Owner's Manual* carefully before use.
- After reading these safety notes, store them in a safe place.

About the Icons

The icons shown below are used in this document to indicate the severity of the injury or damage that can result if the information indicated by the icon is ignored and the product is used incorrectly as a result.

This icon indicates that death or serious injury can result if the information is ignored.

This icon indicates that personal injury or material damage can result if the information is ignored.

The icons shown below are used to indicate the nature of the instructions which are to be observed.

Triangular icons tell you that this information requires attention ("Important").

Circular icons with a diagonal bar tell you that the action indicated is prohibited ("Prohibited").

Filled circles with an exclamation mark indicate an action that must be performed ("Required").

WARNING

Unplug from
power socket

If a problem arises, turn the flash off, and remove batteries. Continued use of the flash when it is emitting smoke, is emitting any unusual odor, or is in any other abnormal state can cause a fire or electric shock. Contact your FUJIFILM dealer.

Avoid
exposure to
water

Do not allow water or foreign objects to enter the flash. If water or foreign objects get inside the flash, turn the flash off and remove batteries. Continued use of the flash can cause a fire or electric shock. Contact your FUJIFILM dealer.

Do not use in
the bathroom
or shower

Do not use the flash in the bathroom or shower. This can cause a fire or electric shock.

Do not
disassemble

Never attempt to change or take apart the flash (never open the case). Failure to observe this precaution can cause fire or electric shock.

Do not touch
internal
parts

Should the case break open as the result of a fall or other accident, do not touch the exposed parts. Failure to observe this precaution could result in electric shock or in injury from touching the damaged parts. Remove batteries immediately, taking care to avoid injury or electric shock, and take the product to the point of purchase for consultation.

Do not place the flash on an unstable surface. This can cause the flash to fall or tip over and cause injury.

Never attempt to use your flash while in motion.

Do not touch any metal parts of the flash during a thunderstorm. This can cause an electric shock due to induced current from the lightning discharge.

WARNING

Do not use batteries except as specified. Load batteries as polar characters "+" and "-" indicate.

Do not heat, change or take apart the batteries. Do not drop or subject batteries to impacts. Never attempt to charge alkaline batteries. Do not short batteries. Do not store batteries with metallic products. Use only the specified charger to recharge Ni-MH batteries. Failure to observe these precautions can cause batteries to burst or leak and cause fire or injury as a result.

Use only batteries specified for use with this flash. The use of other power sources can cause a fire or product malfunction.

Do not use your flash nearby cosmetic products or drug containers. The spoil or the ingress into flash can cause fire, electric shock, or injury.

Do not direct the flash at the operator of a motor vehicle. This can cause a motor vehicle accident.

Do not use in the presence of flammable objects, explosive gases, or dust.

If batteries leak and fluid gets in contact with your eyes, skin or clothing, flush the affected area with clean water and seek medical attention or call an emergency number right away.

In dispose or long-term storage of batteries, cover battery terminals by insulation tape. Contact with other metallic objects or batteries could cause batteries to ignite or burst.

Do not use this flash in locations affected by oil fumes, steam, humidity or dust. This can cause a fire or electric shock.

Battery shall not be exposed to excessive heat such as sunshine, fire or the like. Do not leave this flash in places subject to extremely high temperatures. Do not leave the flash in locations such as a sealed vehicle or in direct sunlight. This can cause a fire.

Keep out of the reach of small children. This product could cause injury in the hands of a child.

CAUTION

Do not place heavy objects on the flash. This can cause the heavy object to tip over or fall and cause injury.

Do not cover or wrap the flash or the charger in a cloth or blanket. This can cause heat to build up and distort the casing or cause a fire.

When you are cleaning the flash or you do not plan to use the flash for an extended period, remove batteries. Failure to do so can cause batteries to leak fluid, a fire, or electric shock.

Using a flash too close to a person's eyes may temporarily affect the eyesight or can cause a visual impairment. Take particular care when photographing infants and young children.

Request regular internal testing and cleaning for your flash. Build-up of dust in your flash can cause a fire or electric shock. Contact your FUJIFILM dealer to request internal cleaning every two years. Please note that this service is not free of charge.

Do not use alcohol, thinner, benzene, or other volatile chemicals to clean your flash. This can cause fire or electric shock.

For sufficient ventilation, no object should be placed within 5cm from the apparatus. The ventilation should not be impeded by covering the ventilation openings with items such as newspaper, table-cloths, or curtains.

No naked flame sources such as lighted candles should be placed on the apparatus.

Remove your fingers from the flash window before the flash fires. Failure to observe this precaution could result in burns.

Keep the flash window clean and do not use the flash if the window is obstructed. Failure to observe these precautions could cause smoke or discoloration.

Batteries

Note: Check the type of batteries used in your flash and read the appropriate sections.

The following describes the proper use of batteries and how to prolong their life. Incorrect use can shorten battery life or cause leakage, overheating, fire, or explosion.

■ Cautions: Handling the Batteries

- Do not expose to flame, or heat.
- Do not transport or store with metal objects such as necklaces or hairpins.
- Do not use batteries that are leaking, deformed, discolored, or with other abnormal states.
- Do not mix old and new batteries, batteries with different charge levels, or batteries of different types.
- If the flash will not be used for an extended period, remove the batteries. Note that various settings of the flash will be reset.
- The batteries may be warm to the touch immediately after use. Turn the flash off and allow the batteries to cool before handling.
- Battery capacity tends to decrease at low temperatures below 10 °C (50 °F). Keep spare batteries in a pocket or other warm place and exchange as necessary. Cold batteries may recover some of their charge when warmed.
- Fingerprints and other stains on the battery terminals can affect a number of flash firing. Thoroughly clean the terminals with a soft, dry cloth before inserting batteries in the flash.

■ Rechargeable AAA Ni-MH Batteries

The capacity of Ni-MH batteries may be temporarily reduced when new, after long periods of disuse, or if they are repeatedly recharged before being fully discharged. This is normal and does not indicate a malfunction.

The flash draws a small amount of current even when off. Ni-MH batteries that have been left in the flash for an extended period may be drawn down to the point that they no longer hold a charge. Batteries that no longer hold a charge even after repeatedly being discharged and recharged have reached the end of their service life and must be replaced.

Ni-MH batteries can be recharged in a battery charger (sold separately). Batteries may become warm to the touch after charging. Refer to the instructions provided with the charger for more information. Use the charger with compatible batteries only.

Ni-MH batteries gradually lose their charge when not in use.

■ Disposal

Dispose of used batteries in accord with local regulations.

Environmental disposal of batteries is advisable.

The apparatus is premised on use in warm climates.

Caring for the Flash

To ensure continued enjoyment of the product, observe the following precautions.

■ Storage and Use

If the flash will not be used for an extended period, remove batteries. Do not store or use the flash in locations that are:

- exposed to rain, steam, or smoke
- very humid or extremely dusty
- exposed to direct sunlight or very high temperatures, such as in a closed vehicle on a sunny day
- extremely cold
- subject to strong vibration
- exposed to strong magnetic fields, such as near a broadcasting antenna, power line, radar emitter, motor, transformer, or magnet
- in contact with volatile chemicals such as pesticides
- next to rubber or vinyl products

■ Water and Sand

Exposure to water and sand can also damage the flash and its internal circuitry and mechanisms. When using the flash at the beach or seaside, avoid exposing the flash to water or sand. Do not place the flash on a wet surface.

■ Condensation

Sudden increases in temperature, such as occur when entering a heated building on a cold day, can cause condensation inside the flash. If this occurs, turn the flash off and wait for droplets to evaporate.

For Customers in the U. S. A.

Tested To Comply With FCC Standards FOR HOME OR OFFICE USE

FCC Statement: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

CAUTION: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- You are cautioned that any changes or modifications not expressly approved in this manual could void the user's authority to operate the equipment.

For Customers in Canada

CAUTION: This Class B digital apparatus complies with Canadian ICES-003.

IMPORTANT SAFETY INSTRUCTIONS

- Read these instructions.
- Keep these instructions.
- Heed all warnings.
- Follow all instructions.
- Do not use this apparatus near water.
- Clean only with a dry cloth.
- Do not block any ventilation openings. Install in accordance with the manufacturer's instructions.
- Do not install near any heat sources such as radiators, heat registers, stoves, or other apparatus (including amplifiers) that produce heat.
- Protect the power cord from being walked on or pinched particularly at plugs, convenience receptacles, and the point where they exit from the apparatus.
- Only use attachments/accessories specified by the manufacturer.
- Unplug this apparatus during lightning storms or when unused for long periods of time.
- Refer all servicing to qualified service personnel. Servicing is required when the apparatus has been damaged in any way, such as power supply cord or plug is damaged, liquid has been spilled or objects have fallen into the apparatus, the apparatus has been exposed to rain or moisture, does not operate normally, or has been dropped.

Disposal of Electrical and Electronic Equipment in Private Households

In the European Union, Norway, Iceland and Liechtenstein: This symbol on the product, or in the manual and in the warranty, and/or on its packaging indicates that this product shall not be treated as household waste. Instead it should be taken to an applicable collection point for the recycling of electrical and electronic equipment.

By ensuring this product is disposed of correctly, you will help prevent potential negative consequences to the environment and human health, which could otherwise be caused by inappropriate waste handling of this product.

This symbol on the batteries or accumulators indicates that those batteries shall not be treated as household waste.

If your equipment contains easy removable batteries or accumulators please dispose these separately according to your local requirements.

The recycling of materials will help to conserve natural resources. For more detailed information about recycling this product, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

In Countries Outside the European Union, Norway, Iceland and Liechtenstein: If you wish to discard this product, including the batteries or accumulators, please contact your local authorities and ask for the correct way of disposal.

EC Declaration of Conformity

We

Name: FUJIFILM Electronic Imaging Europe GmbH

declare that the product

Manufacturer's Name: FUJIFILM Corporation

Manufacturer's 7-3, AKASAKA 9-CHOME, MINATO-KU, TOKYO, 107-0052

Address: JAPAN

following the provision of the EMC Directive (2004/108/EC) and Low Voltage Directive (2006/95/EC).

Features and Functions of the FUJIFILM EF-X20

Welcome to the worldwide family of FUJIFILM “Shoe Mount Flash EF-X20” owners.

Please read this owner’s manual carefully so that you can use this unit correctly.

- ◆ Mount the EF-X20 on your camera for a choice of manual and TTL auto flash control. TTL auto uses high-precision flash level adjustment to accurately determine optimal flash output.
- ◆ Over- or under-illumination can easily be corrected using the exposure setting dial.
- ◆ In slave mode, the EF-X20 fires in response to direct or indirect light from a flash on the camera.

Supplied Accessories

- Adapter for setting tripod
- Soft case

● Handling Precautions

- ❗ To prevent the camera falling from the hot shoe, hold the camera, not the flash unit.
- ◆ Information on compatible cameras may be found at:
http://www.fujifilm.com/products/digital_cameras/index.html

Parts of the Flash

- 1** Exposure setting dial
- 2** Indicator lamp
- 3** **ON/OFF** button
- 4** **TEST** button (**READY** lamp)
- 5** Lever for setting wide panel
- 6** Light-emitting section
- 7** Wide panel (built-in)
- 8** Wireless slave flash sensor
- 9** Battery cover
- 10** Mounting lock releasing button
- 11** Wireless slave flash selector
- 12** Hot-shoe contacts
- 13** Mounting foot

Installing the Batteries

- 1** Open the battery cover.

- 2** Insert two new AAA alkaline or Ni-MH batteries in the orientation shown in the label inside the battery compartment.

- ⓘ The unit may malfunction if the batteries are not in the correct orientation.

- 3** Close the battery cover.

Turning the Unit On

Press the **ON/OFF** button. The **TEST** button (**READY** lamp) will blink as the flash charges. Charging is complete when the lamp stops blinking.

- ◆ The indicator lamp lights when the unit is on.
- ◆ To turn the unit off, press the **ON/OFF** button again. The indicator lamp will turn off.
- ⓘ Turn the flash off before mounting it on the hot shoe. If the flash is on, it may short the hot-shoe contacts, causing the flash to fire unexpectedly or other product malfunction.

Flash Status

The flash can be used while the **TEST** button (**READY** lamp) blinks, but may not fire at full power. To ensure optimal exposure, wait for the lamp to stop blinking.

- ◆ If the **TEST** button (**READY** lamp) does not light after 30 seconds, the batteries are exhausted and should be replaced.

Mounting the Unit on the Camera

- 1 Turn off the camera and flash unit.
- 2 Slide the wireless slave flash selector to **X**.
- 3 Slide the unit onto the camera hot shoe until it clicks into place.
- 4 Turn on the camera and flash unit.

- ◆ To remove the unit, keep the mounting lock releasing button pressed while sliding the unit from the camera.
- ⓘ Turn the unit off before mounting it on or removing it from the camera. Failure to observe this precaution could result in product malfunction or damage to the camera.

● Test Firing

The unit can be test-fired by pressing the **TEST** button after the **READY** lamp stops blinking.

TTL Auto Flash Control

- 1 Rotate the exposure setting dial to **TTL AUTO** 0.
- 2 Turn on the camera and flash unit.
- 3 Wait for the **TEST** button (**READY** lamp) to stop blinking before taking pictures.

- ⓘ Using the flash while the **TEST** button (**READY** lamp) is blinking reduces the effective TTL flash range.

- ◆ If your subject is in the effective TTL flash range, the indicator lamp will blink for 3 s after the flash fires. If the lamp does not blink, move closer to your subject, choose a wider aperture (lower f-number), or increase ISO sensitivity.

● Fine-Tuning Flash Output

Use the exposure setting dial to fine-tune flash output. Choose negative **TTL AUTO** values if your subject is too brightly lit, positive if it is too dark. Employ fine-tuning to vary brightness from the level suggested by the camera or when using the flash to “fill in” shadows in back- or sun-lit subjects.

Manual Flash-Level Adjustment

Manual flash output is selected with the **MANUAL** section of the exposure setting dial.

Slave Mode

In slave mode, the EF-X20 fires in response to direct or indirect light from a flash on the camera, allowing remote flash units to be used for supplemental lighting.

- ◆ Use the **MANUAL** section of the exposure setting dial to adjust output for the slave flash.
- ◆ If the camera uses pre-flashes, slide the wireless slave flash selector to **P-MODE**; otherwise, choose **N-MODE**. If you are unsure which is correct, select **P-MODE**, take a test shot to determine whether the EF-X20 fires at the same time as the camera flash, and choose **N-MODE** if it does not.
- ◆ Set the camera flash mode to .

The Adapter for Setting Tripod

To mount the flash unit on a tripod, attach the adapter for setting tripod to the mounting foot and the tripod to the adapter, then orient the flash as desired.

The Wide Panel

The EF-X20 comes with a built-in wide panel. Without the adapter, the flash covers the angle of view of a 28 mm lens (35 mm format equivalent); with the adapter, it can provide coverage for wide-angle lenses with focal lengths as short as 20 mm. Using the adapter is easy: simply rotate the lever for setting wide panel on the side of the flash as shown. Note that using the wide panel lowers the flash Guide Number to 12.

Continuous Use

Using the flash many times in quick succession can cause overheating that may damage the flash. It is recommended that you turn off the flash for 10 minutes after about 15 consecutive shots.

Specifications and Performance

Guide Number (ISO 100, m)	20 (12 when wide panel is used)
Color temperature	Approximately 5600 K at full power
Effective TTL flash range	$= \frac{\text{Guide Number}}{\sqrt{\frac{\text{ISO sensitivity}}{\text{ISO 100}}}} \div \text{f-number}$
Manual flash output	1/1, 1/2, 1/4, 1/8, 1/16, 1/32, Or 1/64
Exposure compensation	+1 to -1 in increments of 1/3 EV
Slave mode	Available (pre-flash and non-pre-flash control supported)
Power source	Two AAA alkaline or Ni-MH batteries
Operating temperature	0 °C to 40 °C (32 °F to 104 °F)
Dimensions (H × W × D)	36.0 × 59.5 × 50.0 mm (1.4 × 2.3 × 1.9 in)
Weight	Approximately 100 g (3.5 oz), excluding batteries

Battery Endurance and Initial Recycling Time at Full Power

	Number of uses	Recycling time
AAA alkaline batteries ×2	Approx. 60	Approx. 6 s
AAA Ni-MH batteries ×2	Approx. 90	Approx. 5 s

- ◆ Battery endurance measured using fresh batteries manufactured within the previous three months. The number of uses is the number of times the flash can be fired at intervals of 30 seconds; the count ends when the **TEST** button (**READY** lamp) takes more than 30 seconds to light.
- ◆ The recycling time is the time needed after the flash fires for the **TEST** button (**READY** lamp) to light, as measured under the conditions described above.

保証書

お客様が製品をご購入されたことを明確にし、後日のサービスやサポートが簡単に受けられるようにするため、所有権情報をご登録ください。

保修手冊

保障你的購買，註冊你的產品！註冊過程快速、簡易，且有助於你聯絡我們以取得服務或支援。

คู่มือการรับประกัน
คุ้มครองการซื้อของคุณด้วยการลงทะเบียนสินค้า! ง่ายและรวดเร็ว
มีประโยชน์ในการติดต่อขอรับบริการเพื่อขอความช่วยเหลือ

كتيب الضمان
أحد عملية الشراء، وسجل المنتج الخاص بك! إن كانت بحاجة إلى الاتصال بنا للحصول على الخدمة أو الدعم.

ضمانت نامه
با ثبت مشخصات محصول، خرید خود را تحت ضمانت ما در آورید. انجام این کار سریع و آسان است و به هنگام تماس با ما برای دریافت خدمات یا پشتیبانی به شما کمک خواهد کرد.

www.fujifilm-digital.com/warranty

English

By registering with us at www.fujifilm-digital.com/warranty, you confirm ownership of your product with us, which can be helpful if you make an insurance claim. If we have your details, we can also keep in touch for service or software upgrades. You can also join the MyFinePix online community, where you can share your pictures or pick up advice about your product. Don't worry – we won't bother you unless you give us permission.

The FUJIFILM standard warranty is for one year from the date of purchase, though this may be extended in some countries to two years. For full details of your warranty, please visit www.fujifilm-digital.com/warranty. You will need to present your purchase receipt along with your product to make a claim on your warranty, so please look after this carefully.

Français

En vous inscrivant sur www.fujifilm-digital.com/warranty, vous confirmez l'achat d'un de nos produits; ce qui peut être utile lors d'une éventuelle réclamation. En renseignant vos coordonnées et avec votre permission, vous serez informé des services et mises à jour logiciels disponibles. Il est également possible de rejoindre la communauté en ligne MyFinePix à travers laquelle vous pourrez partager vos photos et/ou recueillir des conseils sur votre produit.

La garantie standard FUJIFILM est valable 1 an à compter de la date d'achat et peut être prolongée jusqu'à 2 ans dans certains pays. Rendez-vous sur www.fujifilm-digital.com/warranty pour plus amples informations. Veuillez à ne pas égarer votre preuve d'achat que vous devrez présenter pour toute réclamation en période de garantie.

Deutsch

Durch Ihre Registrierung unter www.fujifilm-digital.com/warranty bestätigen Sie den Kauf und die damit verbundene Garantieleistung Ihres Produkts. Dies erleichtert Ihnen die Abwicklung im Garantiefall. Wenn Sie uns Ihre Kontaktdaten mitteilen, können wir Sie bei Service- und Software-Updates sofort informieren. Sie können ebenfalls der Online-Community „MyFinePix“ beitreten. Dort finden Sie nützliche Informationen zu Ihrer FUJIFILM Digitalkamera und können Ihre Bilder in Galerien präsentieren.

Sollten Sie nach der Registrierung keine weiteren Informationen wünschen, berücksichtigen wir dies ebenfalls. Die von FUJIFILM standardmäßig gewährte Garantie beträgt ab Kaufdatum 12 Monate. In einigen Ländern kann diese abweichend auch 24 Monate betragen. Bitte prüfen Sie die ausführlichen Garantiebedingungen unter www.fujifilm-digital.com/warranty. Zur Inanspruchnahme Ihrer Garantie müssen Sie den Kaufbeleg zusammen mit Ihrem Produkt vorlegen. Verwahren Sie den Kaufbeleg daher gut.

Español

Si se registra en www.fujifilm-digital.com/warranty, nos estará confirmando la propiedad de su producto, lo que le puede resultar útil si tiene que hacer una reclamación referente a su garantía. Si disponemos de sus datos, también podremos estar en contacto con usted para prestarle servicio técnico o para las actualizaciones de software. También se puede unir a la comunidad MyFinePix en Internet, donde podrá compartir sus fotografías o consultar consejos sobre su producto. No se preocupe, no nos pondremos en contacto con usted a menos que nos autorice a hacerlo.

La garantía estándar FUJIFILM tiene un año de duración a partir de la fecha de compra, aunque en algunos países se puede ampliar a dos años. Para obtener más detalles acerca de nuestra garantía visite www.fujifilm-digital.com/warranty. Tendrá que presentar el comprobante de compra junto con su producto para reclamar la garantía, por lo tanto, guarde el comprobante con cuidado.

Português

Ao registrar-se em www.fujifilm-digital.com/warranty, confirma-nos a sua aquisição, que lhe será útil em caso de reclamação para efeitos de seguro ou atualização de software. Através dos seus dados, poderemos também contactá-lo para efeitos de assistência técnica ou atualização de softwares. Pode igualmente associar-se à comunidade online MyFinePix, onde poderá partilhar as suas imagens ou obter aconselhamento para o seu produto. Não se preocupe – não vamos incomodá-lo a menos que você nos dê permissão.

A garantia standard da FUJIFILM é de um ano a contar a partir da data da compra embora, em alguns países, esta possa ser prolongada para dois anos. Para consulta dos detalhes da sua garantia, entre em www.fujifilm-digital.com/warranty. Para efetuar uma reclamação ao local da garantia deverá apresentar, juntamente com o seu produto, o recibo comprovativo de compra, pelo que o deve guardar em local seguro.

Italiano

La registrazione al nostro sito www.fujifilm-digital.com/warranty conferma l'acquirente quale proprietario del prodotto acquistato e può rivelarsi utile in caso di richiesta di indennizzo. Inoltre, se disponiamo dei tuoi dati possiamo contattarti per comunicarti informazioni sul servizio o aggiornamenti del software. Potrai anche iscriverti alla community on-line di MyFinePix per condividere le tue foto con altri utenti e ricevere consigli sull'utilizzo della tua fotocamera. Precisiamo comunque che non ti sarà inviata alcuna comunicazione senza il tuo consenso.

La garanzia standard di FUJIFILM è valida per un anno a partire dalla data di acquisto e in alcuni paesi può essere estesa a due anni. Per maggiori dettagli visita il sito www.fujifilm-digital.com/warranty. Ti consigliamo di conservare con cura la ricevuta d'acquisto del prodotto poiché sarà necessario presentarla unitamente al prodotto per eventuali richieste in garanzia.

Nederlands

Door u bij ons te registreren op www.fujifilm-digital.com/warranty, bevestigt u uw eigendom bij ons, wat handig kan zijn als u een verzekeringsclaim indient. Als wij uw gegevens hebben, kunnen we in contact blijven voor service of software-upgrades. U kunt ook lid worden van de online MyFinePix-gemeenschap, waar u uw foto's kunt delen of tips over uw product kunt opdoen. Maak u geen zorgen – wij storen u niet tenzij u ons toestemming geeft.

De FUJIFILM-standaardgarantie geldt voor één jaar vanaf de datum van uw aankoop, maar dit kan in sommige landen worden uitgebreid tot twee jaar. Voor alle informatie over uw garantie kunt u terecht op www.fujifilm-digital.com/warranty. U moet uw aankoopbon samen met uw product kunnen overleggen om aanspraak te maken op uw garantie, dus bewaar deze goed.

Dansk

Når du registrerer dig på www.fujifilm-digital.com/warranty, bekræfter du dit ejerskab, hvilket kan være nyttigt i tilfælde af garantikrav. Ved hjælp af dine detaljer kan vi kontakte dig angående service eller softwareopgraderinger. Ved at tilslutte dig online fællesskabet MyFinePix kan du dele billeder eller finde gode råd om dit produkt. Bare rolig – vi kontakter dig kun med din tilladelse.

FUJIFILM standardgarantien gælder et år fra købsdatoen, men kan forlænges til to år i visse lande. Få detaljerede oplysninger om garantien på www.fujifilm-digital.com/warranty. Vær opmærksom på, at du vil blive bedt om at fremvisse en kvittering på dit produkt for enhver reklamation.

Svenska

När du registrerar dig hos oss på www.fujifilm-digital.com/warranty, bekräftar du samtidigt att du är ägare till produkten, vilket kan underlätta om du behöver utnyttja din försäkring. Om vi har dina uppgifter kan vi också hålla kontakten när det gäller service eller uppdateringar av mjukvara. Du kan också ansluta dig till MyFinePix, där du kan dela med dig av dina foton eller få goda råd om kameran. Och du behöver inte vara orolig, vi ska inte störa dig utan din tillåtelse.

FUJIFILMs standardgaranti gäller ett år från inköpsdagen, men perioden kan förlängas till två år i vissa länder. All information om garantin hittar du på www.fujifilm-digital.com/warranty. För att kunna utnyttja garantin, måste du kunna uppvisa kvitto tillsammans med produkten, så ta väl vara på det.

Norsk

Ved å registrere deg hos oss på www.fujifilm-digital.com/warranty, bekrefter du ditt eierskap til produktet, noe som kan være til hjelp om du trenger å benytte deg av din forsikring. Om vi har din kontaktinformasjonen, kan vi også enklere holde kontakten med deg for support eller oppdatering av programvare. Du kan også bli med i nettsamfunnet MyFinePix, der du kan dele dine bilder med andre eller få råd om ditt produkt. Vi vil kun kontakte deg om du gir oss tillatelse til det.

FUJIFILMs standardgaranti følger kjøpsloven og gir deg som forbruker ett år fra kjøpsdato, men i enkelte land kan dette bli utvidet til to år. For å få alle detaljene om garantien din, kan du besøke www.fujifilm-digital.com/warranty. For å kunne benytte seg av garantien, må du kunne fremvise kjøpskvittering sammen med produktet, så ta godt vare på dette beviset.

Suomi

Rekisteröitymällä osoitteessa www.fujifilm-digital.com/warranty vahvistat tuotteen omistusoikeutesi meille. Tästä on apua vakuutusmaksauks tapauksessa. Kun saamme yhteystietosi, voimme lisäksi ilmoittaa palvelu- ja ohjelmistopäivityksistä. Voit myös liittyä MyFinePix -online-yhteisöön, missä voit jakaa kuviasi ja saada tuotetta koskevia neuvoja. Älä huoli - emme ota sinuun yhteyttä, jos et anna meille siihen lupa.

FUJIFILMin vakiotakuu on voimassa vuoden ostopäivästä lukien, vaikka joissain maissa se voidaankin pidentää kahteen vuoteen. Takuu kuvataan yksityiskohtaisesti osoitteessa www.fujifilm-digital.com/warranty. Takuuvaatimus tapauksissa on tuotteen kanssa esitettävä ostokuitti, joten pidä siitä hyvä huoli.

Ελληνικά

Με την καταχώρηση του προϊόντος σας στην ηλεκτρονική σελίδα www.fujifilm-digital.com/warranty, βεβαιώνετε ότι είστε κάτοχος του, γεγονός που μπορεί να σας φανεί χρήσιμο σε περίπτωση που χρειστεί αξιωματική σφάφηση. Εάν διαθέτουμε τα στοιχεία σας, μπορούμε επίσης να επικοινωνούμε μαζί σας σχετικά με αναβαθμίσεις που αφορούν τις παρεχόμενες υπηρεσίες μας ή το λογισμικό μας. Μπορείτε επίσης να γίνετε μέλη της ηλεκτρονικής κοινότητας MyFinePix, όπου έχετε την δυνατότητα να μοιράζεστε τις φωτογραφίες σας ή να αναζητάτε συμβουλές σχετικά με τα προϊόντα σας. Μην ανησυχείτε – δεν πρόκειται να σας ενοχλήσουμε χωρίς την άδειά σας.

Η τυπική εγγύηση της FUJIFILM ισχύει ένα έτος από την ημερομηνία αγοράς, αν και, σε ορισμένες χώρες, αυτό το χρονικό διάστημα μπορεί να παρατείνεται σε δύο χρόνια. Για πλήρες πληροφορίες σχετικά με την εγγύησή σας, επισκεφτείτε την ηλεκτρονική σελίδα www.fujifilm-digital.com/warranty. Φυλάσσετε προσεκτικά την απόδειξη αγοράς, διότι σε περίπτωση που θέλετε να κάνετε χρήση της εγγύησής σας, θα χρειαστεί να προσκομίσετε την απόδειξη αγοράς μαζί με το προϊόν σας.

Русский

Зарегистрировав свой товар на сайте www.fujifilm-digital.com/warranty, Вы тем самым подтверждаете имеющийся у Вас на него права собственности. Соблюдение требования о регистрации значительно облегчает процесс получения страхового возмещения. Кроме того, предоставляя свои личные данные, Вы даете нам возможность связываться с Вами для осуществления технического обслуживания и обновления Вашего программного обеспечения. Приглашаем Вас присоединиться к нашему онлайн-сообществу MyFinePix, где Вы сможете показать друзьям свои снимки и получить полезные советы по работе с товаром. Вам не о чем беспокоиться – мы общаемся не связываться с Вами без получения соответствующего разрешения.

Стандартная гарантия Fujifilm выдается сроком на один год с момента покупки, хотя в некоторых странах гарантийный период может быть увеличен до двух лет. Вы можете ознакомиться с полным текстом гарантийных условий на сайте www.fujifilm-digital.com/warranty. Предъявление чека на покупку товара вместе с самим товаром является обязательным условием рассмотрения любых гарантийных претензий, поэтому мы советуем Вам сохранять его.
